

4<sup>th</sup> International Conference on

# Palliative Care, Medicine and Hospice Nursing

August 27-28, 2018 | Boston, USA

---

## **Addressing the unique needs of lesbian, gay, bisexual, and transgendered patients in palliative and hospice care: Developing understanding and organizational cultural competence**

David Free

McMaster University, Canada

**T**here is a tremendous variance between and even within countries in terms of protections for Lesbian, Gay, Bisexual, Transgendered, Transexual, Intersex, Queer, Questioning, 2-Spirited, Asexual people (LGBTTIQQ2SA). This presents challenges for healthcare
