## Childhood obesity

Horia Mawlawi

Prince Sultan Military Medical City, Saudi Arabia

Childhood obesity is a major public health crisis nationally and internationally. The prevalence of childhood obesity has increased over few years in all pediatric age group in both sex. Approximately 22 million children under 5 years of age are overweight across the world. The number of overweight children and adolescents has doubled in last 2 to 3 decades in the world. World Health Organization on childhood obesity found 41 million children below 5 years either obese or overweight
