Ted Bundy (1989) said:

"My experience with pornography that deals on a violent level with sexuality is that once you become addicted to it- and I look at this as a kind of addiction- I would keep looking for more potent, more explicit, more graphic kinds of materials. Until you reach the point where the pornography only goes so far. You reach that jumping-off point where you begin to wonder is maybe actually doing it will give you that which is beyond just reading about it or looking at it."
