To whom it may Concern

This is to express my interest in continuing my service to the Journal of Membrane Science and Technology as an Editor. I further give my consent to disclose by the Journal my affiliation and contact information. Please note that I do not have any conflict of interest, which would interfere with this important service for science, medicine, and technology communities.

I recommend this journal to be indexed in PubMed Central with great enthusiasm. The Journal staff and editorial board members have worked very hard for the journal to establish its high professional standing.

Sincerely,

Karam F.A. Soliman, PhD
